JACKSONVILLE, ILLINOIS, WEDNESDAY MORNING, SEPT. 10, 1919

TWELVE PAGES—THREE CENTS

COST OF LIVING READJUSTMENT AWAITS PEACE

President Wilson Speaks to Thousands in St. Paul

ST. PAUL, Minn., Sept. 9.—Re-adjustment of the cost of living, President Wilson declared today, must await the re-establishment of a complete peace basis which will put labor and capital on their feet.

In two addresses the president asserted that the connection between acceptance of the peace treaty and amelioration of living conditions was a direct one, and that the world was looking to America to take the lead in restoring the world to a sound economic basis.

Mr. Wilson spoke in the morning at a special session of the Minnesota legislature and in the evening at a public meeting at the St. Paul auditorium. During the afternoon he addressed a meeting in Minneapolis.

For his night meeting the president found the auditorium packed, city authorities estimating the crowd at more than 14,000.

Mayor L. C. Hodgson, a Republican, introduced Mr. Wilson as "a great spiritual leader of American democracy" whose power was written "in the hearts of his people."

Despite the varied national origins of the people of America, said the president in opening his speech, a distinctly American type had been developed and one of the distinctions of that type was the belief in equality as contrasted with the class distinctions of the other countries.

Adding that there were "a great many hyphens" left in America, the president declared a "hyphen" the most un-American trait to be found in the country.

Because of its mixed derivations he said, America was destined to be the mediator of the world. It was "the only nation, he continued, "that can sympathetically organize the world for peace."

Of the many delegations from foreign lands who appeal to him for a hearing in Paris, he said, all were able to point out that they had relatives in America. The league of nations, he declared, had been misrepresented as a trap set to draw the United States into war. "We shall not be drawn into wars," he said. "We shall be drawn into consultations. And we shall be the most trusted adviser."

Since it had seemed to become possible that the league would fall, he said, "the old intrigues have started off again," and "that hyphen between German and American" had again raised its head.

"We know the former purposes of German intrigue in this country and its being revived," he said, adding that the purpose now seemed to be to keep America and Germany out of the league so that at some future time the two could unite or one could hold the world off while the other accomplished its conquests.

"There can be only one intelligible reason for America staying out of this," said Mr. Wilson. "And that is that she doesn't want peace—she wants war sometimes."

Saying that of course the league would not be an absolute guarantee against war, Mr. Wilson asked whether it would not be worth while if it reduced the probability, even by ten per cent. There were many cries of "yes, yes" over the hall and then a burst of cheers. The crowd cheered again when the president added:

"And I think it reduces it about ninety-nine per cent."

The president said it was a duty of the United States to lead the way into "peaceful production," and that could be done best under the labor section of the treaty.

"An absolute, unclouded confidence," that the treaty would be ratified was expressed by the president.

After the president sat down, Mayor Hodgson asked the crowd to signify by saying "aye" if they were in favor of the league of nations covenant. A tremendous chorus of "yes" was the response.

President Wilson was smiling as he left the auditorium. He immediately went to his train which was to leave at 10 p. m. for Bismarck, N. D., where he will speak tomorrow forenoon.

OFFICIAL INVITATION

Canadian Government to Welcome Belgian Rulers.

Ottawa, Ont., Sept. 9.—The Canadian government will extend an official invitation to the king and queen of Belgium to visit Canada after their forthcoming visit to the United States.

St. Louis, Sept. 9.—The retail price of milk will be raised from 15 to 16 cents a quart here Thursday, milk producers announced today. Increased cost of production is given as the

DELEGATES AGAINST CLASS LEGISLATION

"One Country First" Conference Goes on Record Against Certain Sections of League of Nations—Oppose Government Ownership

Chicago, Sept. 9.—Declaring their disapproval of the establishment of any department under the league of nations in the interest of any special class of citizens, delegates to the "one country first" conference composed of business and farming interests from over the country went on record against section twenty of the league establishing an international bureau of labor and to part thirteen of the treaty of peace enunciating some of the purposes thereof. The disapproval of the two sections were contained in resolutions adopted by the conference in its final session. The chairman of the conference was authorized to appoint a committee to go to Washington to present the ideas to congress.

Opposition of government ownership, price fixing, the present system of taxation and ad- vocation of laws to prevent strikes and lockouts in government and public utility services; exemption of farmers cooperative enterprises from the technical interpretation of the Sherman anti-trust law and the repeal of the so-called Taw- ner amendments were some of the subjects covered in the program which the conference adopted as its recommendations for relief from present industrial troubles.

Mr. Mitchell was 49 years old. Altho he underwent an operation ten days ago for the removal of gallstones his condition had been reported as satisfactory and his death was wholly unexpected by friends. With Mr. Mitchell when he died were his wife, his son and daughter.

Since 1915, Mr. Mitchell had been chairman of the New York State Industrial Commission. He also served as president of the state food commission, chairman of the federal food board, president of the New York State Council of Farms and Markets and was a member of the federal milk commission to Chicago Surface and Elevated Lines.

His home was at Mount Vernon.

Mr. Mitchell was born in Braintree, Ill., Feb. 4, 1870, the son of Robert and Martha Mitchell. At the age of 11 years he began work in the coal mines, obtaining his education by studying at night.

He soon developed an interest in labor problems, and a deep sympathy for workers in the coal mines.

Feeling that some time he would become a champion of the laboring man's cause, he began to study law, but soon gave it up to perfect his knowledge of economics and labor questions.

In 1885 while still employed in the mines he joined the Knights of Labor. In 1891, he married Katherine O'Rouke of Spring Valley, Ill., and shortly after this was appointed secretary of the United Mine Workers of America, becoming president of this organization in 1899 and serving without interruption until 1905.

He relinquished this office to accept an appointment as chairman of the trade agreement department of the National Civic Federation, serving in this office until 1911, when he decided to expound the cause of labor from lecture platform which occupied his attention until 1913.

His affiliation with American Federation of Labor began in 1888 with an appointment as fourth vice-president of the national body. He became second vice-president in 1900 and continued in this office until 1914. He was invited to become a member of the New York state industrial commission in 1915 and was chairman of the commission at his death.

Mr. Mitchell wrote numerous books. Among his books were, "Organized Labor, Its Purpose and Ideals," and "The Wage Earner and His Problems."

Mr. Mitchell is survived by his widow, and a daughter, Katherine and three sons.

EXPRESSES OPPOSITION

Against Government Ownership of Insurance Companies.

Hartford, Conn., Sept. 9.—As a special session of the city council today, Mayor Thompson proposed creation of a special taxing body of five elective members to take control of the city's traction lines under what he termed the "people's ownership and operation plan." The chief aim of such a plan according to the mayor, would be restoration of the five cent fare.

TERRORIZED BY MOB

Town in Ireland Is Scene of Destruction.

London, Sept. 9.—Fermoy, a town in Ireland, 19 miles northeast of Cork, was terrorized by a mob for an hour last evening, according to a dispatch to the Exchange Telegraph Co. Fifty shops were damaged, one jewelry store being completely demolished. The loss is estimated at several thousand pounds sterling.

TOO MUCH MONEY

Government Vaults Bulging With "Coin of the Realm."

Washington, Sept. 9.—The government has so much "coin of the realm" that it actually bulges out the walls of the vaults containing it. The treasury has asked congress to appropriate \$1,500,000 to make the vaults secure and provide additional ones. The treasury's gold and silver accumulated during the war.

UNFILLED ORDERS

Steel Corporation Report Shows Increased Business

New York, Sept. 9.—Unfilled orders of the U. S. Steel corporation on August 30, were 6,109,103 tons, according to the corporation's monthly statement issued today. This is an increase of 530,432 tons compared with the orders on July 31.

FORMER HEAD OF UNITED MINE WORKERS DIES

John Mitchell Passes Away at New York Hospital Tuesday

NEW YORK, Sept. 9.—John Mitchell, former president of the United Mine Workers of America, and one of the most widely known labor leaders in the United States died this afternoon at the post-graduate hospital.

Mr. Mitchell was 49 years old. Altho he underwent an operation ten days ago for the removal of gallstones his condition had been reported as satisfactory and his death was wholly unexpected by friends. With Mr. Mitchell when he died were his wife, his son and daughter.

Since 1915, Mr. Mitchell had been chairman of the New York State Industrial Commission. He also served as president of the state food commission, chairman of the federal food board, president of the New York State Council of Farms and Markets and was a member of the federal milk commission to Chicago Surface and Elevated Lines.

His home was at Mount Vernon.

Mr. Mitchell was born in Braintree, Ill., Feb. 4, 1870, the son of Robert and Martha Mitchell. At the age of 11 years he began work in the coal mines, obtaining his education by studying at night.

He soon developed an interest in labor problems, and a deep sympathy for workers in the coal mines.

Feeling that some time he would become a champion of the laboring man's cause, he began to study law, but soon gave it up to perfect his knowledge of economics and labor questions.

In 1885 while still employed in the mines he joined the Knights of Labor. FIRST NEGRO ACQUITTED

Tried in Connection With Recent Chicago Race Riots.

Chicago, Sept. 9.—Spencer Jones, negro, the first person placed on trial in connection with the race riots six weeks ago was acquitted by a jury today. The police witness charged that he fired on an automobile and again on a truck load of policemen. Colored witness contradicted the police testimony. No weapon was found in possession of Jones when he was captured after a chase.

ANOTHER INVESTIGATION

Senators Will Now Probe News Print Paper Industry.

Washington, Sept. 9.—Chairman LaFollette of the senate manufacturers committee today named Senators McNary, Oregon, Gronna, North Dakota, Republicans and Reed, Missouri and Walsh, Mass., Democrats as members of sub-committee to investigate the newsprint paper industry.

RATIFIES AMENDMENT

New Hampshire House Ratifies Suffrage Amendment.

Concord, N. H., Sept. 9.—The New Hampshire house of representatives today ratified the federal equal suffrage amendment presented to the shopmen and urging on congress an employees profit sharing plan.

ACCEPT PROPOSITION

Railroad Workers Voted to Accept Wilson's Wage Offer.

Washington, Sept. 9.—After a four days conference American Federation of Railroad Workers, comprising fifty thousand men not in the brotherhoods and crafts, voted to accept President Wilson's proposition on wages as presented to the shopmen and urging on congress an employees profit sharing plan.

A HOT WAVE.

This city and vicinity just now

are being visited by an unusually

hot wave for this season of the year.

At the Jacksonville hospital at noon the mercury stood at 91 in the shade. The dry weather accentuates the condition, adding dust and discomfort from which all hope soon to be relieved.

Condensed Telegraphic News

DOUGLAS, Ariz., Sept. 9.—The joint preliminary hearing of the 200 Douglas and Bisbee men charged with kidnapping for their alleged activity during the Bisbee deportations two years ago, came to a sudden end today when W. H. Burgess, chief counsel for the defendants, requested that all be bound over at their own return to trial in the superior court.

CHAMPAIGN, Ill., Sept. 9.—Col. Henry J. Reilly, of Chicago, was the principal speaker at the home coming of the honor men of Champaign county today. More than 20,000 persons attended the celebration.

CHICAGO, Sept. 9.—Arrangements were completed today for a mass meeting tomorrow night when Senators Hiram Johnson of California and William E. Borah of Idaho will start speaking tours thru the west in advocacy of reservations of the peace treaty and league of nations covenant. Senator Medill McCormick of Illinois, will preside.

ST. LOUIS, Mo., Sept. 9.—At the opening session of the Central Council of the Union Mission will open on Sept. 25 with a large stock of surplus army supplies, according to announcement today by Col. J. P. Castleman, zone surplus supply officer. The store will occupy a downtown building formerly used by Seigel, Cooper & Co., and will sell all supplies on the cash and carry plan at cost.

HAVANA, Sept. 9.—Cyclones are sweeping in from the gulf tonight, driving mountainous waves over the sea wall which are flooding adjoining sections of the city at some places to a distance of six blocks. Many families are fleeing from their homes. No fatalities have been reported.

SPRINGFIELD, Ill., Sept. 9.—The state public utilities commission cannot fix rates in violation of a contract. This was the argument of Attorney Chester E. Clevland of Chicago, opposing increased fares granted by the state commission to Chicago Surface and Elevated Lines.

BELLEVILLE, Ill., Sept. 9.—Orders to disperse all bands of marching insurgent miners were issued to the police tonight by Mayor P. K. Johnson. Several hundred strikers were prevented from staging a sympathy parade in DuQuoin today by an armed posse, it was reported. Brigadier General Wells of the Illinois National Guard said there was no immediate necessity for troops to protect the mines.

WASHINGTON, Sept. 9.—Mob violence chiefly in the form of window smashing occurred in scattered sections of this city within a few hours after the union members of the police force went on strike tonight. Inspection of the stores indicated that only a few articles had been stolen. The Metropolitan Park officers who were sent to the district, drew their revolvers and threatened the miners.

WASHINGTON, Sept. 9.—Concrete evidence of the existence of any organized effort to bring about armed intervention in Mexico still was lacking when the senate foreign relations sub-committee investigating the Mexican situation finished the second day of its hearing. Dr. Samuel G. Inman, secretary of the committee on co-operation in Latin-America, and associated with the League of Free Nations association again was before the committee. His charges that he had been threatened with personal attack and with a libel suit because of his activities in developing an anti-intervention spirit and his admission that he did not possess the facts to prove assertions made yesterday as to the stability of the Carranza government featured the hearing. The witness appeared worried when he resumed his testimony today and announced his unwillingness to continue answering questions concerning a letter he had written to members of the force carried out to the Mexican government.

The streets were guarded tonight by sergeants and higher officers, assisted by state police and Metropolitan Park police. The streets were guarded tonight by sergeants and higher officers, assisted by state police and Metropolitan Park police.

WASHINGTON, Sept. 9.—Mob violence apparently without distinctions as to whether

PERSHING'S OPINION
ABOUT EUROPE.

Gen. Pershing, like some other famous American Generals, is noted as being a man of few words. His "address" at the tomb of Lafayette in France is a memorable matter of history. "Lafayette, we are here," just three words in that "address." Almost as significant in view of the present discussion of the peace league is the answer of the general to the question, "What do you think about the crisis in Europe?" This was the wordy reply: "I don't think we had better get into European affairs at all."

AN IMPORTANT
ELECTION TODAY.

An important election is to be held today when candidates for members of the constitutional convention are to be named. Voters in Morgan county will also select nominees for county commissioner. The voters of the county will be negligent in duty if they fail today to record their wishes. The constitutional convention will be one of the most important gatherings in the history of Illinois and on the action taken depends much of the future prosperity and welfare of the state.

Every voter is familiar with the importance of Morgan county's affairs and well know that care should be taken in the choice of county board members. Do not fail to vote today. The polls are open from 6 to 5 o'clock and the list of polling places appears elsewhere in this paper.

MINERS SOUND WARNING.

Miners do not by any means always do the fair thing to the public in wage demands or in the settlement of labor difficulties, but at any rate they are giving notice this year that a strike is very likely in November. This gives the mine operators ample opportunity for determining whether or not the demand for increased pay shall be granted and the burden shifted upon the consuming public.

If the government has any idea of controlling coal prices' action in this regard should certainly be taken before November comes.

BUILDING OPERATIONS.

Not every citizen understands how much building is being done in Jacksonville, notwithstanding the high prices for materials. Drive in any ward of the city and you will find here and there a new dwelling house going up. Building costs twice as much as it used to, but in remembering this fact there is the other fact that buildings already erected have taken on a new value in the course of the past year.

DON'T SPOIL HIS GLORY

Gen. Pershing has received a welcome home of which any American might well feel proud. There was as much difference between his going and his coming, he said himself, as between night and noon. The general has become a national hero. Now, let us hope that his friends and admirers do not spoil his military career with an effort to capitalize his popularity and make him a political candidate.

JUST A QUESTION OF TIME.

Fifteen states have ratified the suffrage amendment. These states are so widely scattered—so representative of all parts of the U. S., two of them being even in the south—that the women feel confident of success. Thirty six states are necessary to provide national suffrage thru this amendment and with fifteen already secured the result seems almost a foregone conclusion.

Those especially interested in the campaign are hopeful that the necessary number may be secured in time to give women their rights in the national election of 1920.

HAS ONE ADMIRER

Dr. Inman has testified that there is an organization in the U. S. to disparage any movement toward intervention in Mexico. Evidently the organization has done quite effective work with the administration during the past few

years, as the continued affronts from Mexico go unpunished. Dr. Inman in his testimony confessed to an admiration for President Carranza's regime. It is not every man who would be brave enough to make such a confession.

AUTOMOBILE ABSTRACTS

The great increase in the number of stolen automobiles is increasing interest in the proposed plan of selling automobiles with a guaranteed title. In some states such a law is already in effect and the man who sells a car must provide a "merchantable" title just as would be the case with real estate. Thefts are more numerous and cars more valuable than they were just a few years ago.

Talking about automobiles, about the meanest type of vandal is the one who steals from a damaged car. In the case of an automobile accident it often happens that the damaged car is left by the roadside for a number of hours. When this happens it is almost invariably the case that extra tires and tools are stolen.

Robbing the dead is perhaps one of the most despicable crimes in the category and stripping a damaged automobile shows about the same quality of meanness.

WHY NOT STICK TO FACTS?

In his address to the senate on the peace treaty and the league of nations President Wilson says:

The United States entered the war upon a different footing from every other nation except our associates on this side of the sea. We entered it not because our material interests were directly threatened or because any special treaty obligations to which we were parties had been violated, but only because we saw the supremacy, and even the validity, of right everywhere put in jeopardy and free government to be everywhere imperiled by the intolerable aggression of a power which respected neither right nor obligation and whose very system of government flouted the rights of the citizen as against the autocratic authority of his governors.

And farther along he says: "We entered the war as disinterested champions of right."

Surely the president deceives no one but himself with such high sounding rhetoric and such a scarcity of facts. Of course the object is plain. He wants to excuse himself and his congress for not taking action sooner whereby many lives would have been saved. He wanted to be selected on the slogan "kept us out of war" and it worked as we all know.

The cold facts are, our government could do nothing else with any kind of self respect after the action of Germany on the seas and elsewhere. President Wilson was not so stupid as not to know what Prof. Miller told here of his own knowledge that when the German emperor was planning that their flag would be flying over the capitol at Washington within three months from the time they struck the first blow. Many times he boasted that the U. S. would pay the cost of the war. It detracts nothing from the glory of the U. S. forces that they went into the war to defend their own land but it does materially lessen the fame of Woodrow Wilson.

Arenzville, Ill.

A BANK nowadays has much
greater responsibilities than
simply to furnish protection. It is also an
educational and habit-forming force in the
community, always throwing the weight of its advice upon the side of thrift and
economy and holding out the advantages of systematic saving to old and young alike.
We want you to think of our bank as one
which aims to render you a distinct service
whether your account is \$1.00 or \$10,000.
We want you to come to us for advice. We
serve ourselves best when we serve you
best.

LYNNVILLE MOTORIST IS BUMPED BY STREET CAR

Fred German Halted By Traffic
Officers on South Main Street
Last Night Stops on Car Track
and is Struck from Rear—No
One Injured—Car Slightly
Damaged.

Activities of Jacksonville traffic
officers continue to bring results,
but one affair on South Main
street last night about nine o'clock
came near resulting disastrously
for the motor vehicle regulation
violator.

Traffic Officers Carlton Hook,
Jewell Scott and L. B. Turner were
on duty in Mr. Hook's car travel-
ing south near the power plant of
the Jacksonville Railway and
Light company when they spied a
Ford car ahead which was voyag-
ing southward also but minus a
tail light. The officers soon over-
took the Ford in question and
calling to the driver to do so polit-
ely called his attention to the fact
that his rear lamp was lightless.

Fred German of Lynnville was
driving the car and with him in
the front seat was Miss Mildred
Floberg of Caldwell street. When
called to stop German pulled over
onto the street car tracks and
getting out asked for a match. He
had relighted his lamp and was
just ready to start his motor again
when a southbound street car,
which had failed to notice,
crashed into him from the rear.
The motorman of the car as soon
as he saw that a collision was in-
evitable threw on his brakes and
the reverse so that the street car
was not traveling fast when it
struck the auto, however, the
back of the body was bent, and
fenders and rods also bent. Neither
German or Miss Floberg were
injured.

German stated last night that
the next time traffic officers stop
motorists it would be just as well
not to stop them on the street car
track and he further complains
that the officers, altho they were
stopped close to at the time of
the accident, hurried away and
did not stop to see whether any
one was injured or not.

On the other hand the officers
in question state that they were
all ready underway at the time
the street car struck the German
auto and furthermore that the
motorist had been observing ve-
hicle laws and had had his lamp
burning that he would not have
been stopped at all.

With the Sick

Master Mercer Hopper of West
Lafayette avenue who had the
misfortune to get lime in his eyes
some days ago, is improving in a
satisfactory way.

WINCHESTER

Winchester, Sept. 9.—Charles
Kirkman and sister have returned
to their home in Decatur after
a pleasant visit with relatives
here.

Mrs. Leroy Pape and little
daughter arrived Tuesday morning
from Rockford for a visit
with her parents, Dr. and Mrs.
George Brengle.

Mr. and Mrs. Charles Huddleston
and two children of South Dako-
ta arrived Tuesday afternoon
to visit their brother John C.
Moore and family. Mr. and Mrs.
Huddleston are former residents
of Winchester and have many
friends here.

Mary Louise Pieper was able
to start to school Monday after
being confined at home by illness
for a period of two weeks.

Those injured in the recent
auto smash-up are all improving
in a satisfactory manner. Albert
Parks, who sustained a broken
wrist and three broken ribs, was
able to get down town Tuesday
afternoon. He is staying at the
home of his father, Hardin Parks.
Mrs. Parks is still confined to her
bed at the home of Mr. and Mrs.
James. The X-Ray picture taken
at Passavant Hospital in Jackson-
ville showed the fracture of two
ribs. It will be probably two
weeks yet before she is able to
be up.

A number of friends of Mr. and
Mrs. M. W. Sappington went to
their home last Friday evening
with well filled baskets and sur-
prised them in happy fashion. The
baskets contained fried chicken,
and many other good things to
eat. The affair proved a complete
surprise on Mr. and Mrs.
Sappington. The supper was
greatly enjoyed by all. The Sapp-
ingtons are nicely located in
their new home which they re-
cently purchased.

The ladies of the Household

BLUFFS MAN WEDS
GIRL FROM ST. LOUIS

Marriage of Laurence McCullom and Edith Gallagher Solemnized Wednesday—Other Bluffs News.

Bluffs, Sept. 8.—Laurence McCullom of Bluffs was united in marriage Wednesday of last week to Miss Edith Gallagher of St. Louis, Mo. Mr. McCullom is the third son of Mr. and Mrs. William McCullom and was recently discharged from army service, and for several years has been located in St. Louis where he is employed as linotype in one of the printing establishments of that city. The wedding occurred at 10 a.m. Wednesday at the St. Rose church in the presence of a large number of relatives and admiring friends. The beautiful service was said by Father McGlynn. The bride was daintily clad in a gown of white georgette crepe with white hat and carried a bouquet of white bride's roses. The bridesmaid, sister of the bride, Miss Stella Gallagher, wore a gown of pink georgette crepe with pink hat and carried a bouquet of pink roses. Immediately after the ceremony the bridal party repaired to the home of the bride, 5895 Maple avenue, where a sumptuous wedding breakfast was served. For the present they will be at home to their friends at 5895 Maple avenue.

Mrs. William McCullom returned Saturday evening from St. Louis where she went to be present at the wedding of her son, Laurence.

Mrs. Mary Gibson of Carlsbad, New Mexico, was a visitor in town the latter part of last week en route to Springfield where she was called by the serious illness of her son-in-law, Henry Starks. Mrs. James Kesterson and son Charles were visitors in Jacksonville Saturday.

The Bluffs Household Science club will meet Tuesday, Sept. 9, with Mrs. George H. Vannier as hostess.

Roll Call—Memory gems.
Music—America.
Address—Mrs. G. H. Vannier.
Music—Mrs. L. S. Black.

The Woman's club will meet with Mrs. G. W. Reese Sept. 11, with Mrs. Reese as hostess.
Roll Call—Vacation.
Readings.
President's Greeting — Mrs. Reese.
Music—Miss Faye Rees.

SOCIAL FUNCTIONS FOR
WHITE HALL GIRL

Parties Being Given for Miss Lucile C. Knox, Daughter of Dr. and Mrs. W. Knox—Will Be Married September 24—White Hall News Notes.

White Hall, Sept. 9.—Numerous social functions have taken place in honor of Miss Lucile C. Knox, daughter of Dr. and Mrs. W. T. Knox, whose approaching marriage to Rev. T. B. Lugg has been announced to take place on the 24th inst. Rev. Mr. Lugg is now stationed at Devil's Lake, South Dakota, and following the marriage they will go to Charleston, Illinois, to attend the Illinois M.

E. conference, in which Rev. Lugg expects to receive an assignment. The groom-to-be is familiarly known as Bransford Lugg, son of Rev. E. H. Lugg, at one time pastor of the M. E. church here. Floyd E. Mills, son of Charles Mills, arrived home Saturday after an absence of two years in the navy service, he having enlisted in August, 1917, and is a senior of the first class. For several months he was based at Murmansk, Russia, and was then engaged in transporting prisoners to Hamburg, Germany. He was then transferred to Constantinople and for five months isolated from mail service, during which time his folks were unable to communicate with him or hear from him. There he witnessed many harrowing things. In one riot between rival troops he succeeded in escaping uninjured, but three of his comrades were killed. He was at one time at the point of death from illness.

Rev. L. C. Bauer has returned from an extended evangelistic tour of southern and western states. Miss Margaret Peck will leave Friday on her return to Selby, Neb., after an extended visit with her sister, Mrs. A. H. Neutzman. Mrs. L. L. Seely and little son Kendall have returned from a sojourn at Colorado Springs. Mr. Seely is also back from a tour of important live stock sales in the east, and is dated for practically the entire month of September.

Postmaster Wyatt is daily expecting the blanks and regulations for taking orders for army shoes. The official says the instructions may come in a week and again it may be six weeks, but that he has been advised that he will be instructed to take orders for the immense stock of army shoes on hand at attractive prices.

ON THE BROAD PACIFIC

Interesting Letter Written By Rev. A. M. Cunningham Near Honolulu and Mailed at Yokohama.

The following letter written by Rev. A. M. Cunningham, returning missionary to China, will be read with interest. He also inclosed a copy of the daily paper published on the ship and containing wireless telegrams from all over the world:

Beautiful Place.
Honolulu, Aug. 8, 1919.

For the Journal:—

I wonder if the readers of the Journal would not be interested in a few words about this.

After six days from San Francisco, in which we traveled 2,100 miles, we are now ready to enter the port of Honolulu. "The Paradise of the Pacific." The eight islands which constitute the Hawaiian group are said to be,

"The loveliest fleet of islands that lies anchored in any ocean."

The climate is delightful, while flowers, and tropical fruits, such as pineapples and bananas are abundant, while sugar is the chief article of cultivation and export.

As you know Hawaii is now a Territory of the United States, having been annexed in 1898. The largest city, a city of 55,000 people, is Honolulu, which has a good port and is being strongly fortified. A strong guard of American soldiers is constantly on duty in the different forts. The military men call Hawaii "The Malta of the Pacific."

The world's greatest living volcano, Kilanea, is on the island of Hawaii, about 225 miles south and east of Honolulu. This volcano has been more active than usual during the last few years. It is visited by thousands of tourists.

It was interesting to me to note that the population of Hawaii, "The Melting Pot of the Races," is made up of the following:

American, British, German and Russian

Japanese 102,470

Hawaiian 23,450

Portuguese 23,990

Chinese 22,100

Filipino 19,100

Part-Hawaiian 15,850

Porto Rican 5,240

Spanish 2,920

All Other 5,380

Total 250,618

It is with a keen sense of joy that travelers enter the harbor of beautiful Honolulu; spend the day in searching out the many charms and rich beauty of this "Pearl of the Pacific."

At 6 o'clock, p. m., our noble ship, the Korea Maru, drew away from pier No. 7 and we started off for our 10 days out of sight of land. We hope to reach Yokohama, Japan, Aug. 19th.

Truly Yours, Enroute for the Orient.

A. M. CUNNINGHAM.

P. S. We are thankful for a good sea, good ship and congenial fellow passengers.

Prepare for a business position. The demand was never better for qualified workers. Brown's.

DIFFICULT TO TRAVEL

So many foreigners have been returning to their European homes the authorities are taking the matter in hand and may possibly be too strict. It is said that since the signing of the armistice 900,000 persons have returned to former homes in Europe and a great many have been Italians. Now a man must give a good reason for asking permission to buy a ticket and must satisfy the authorities that he is going only temporarily and on pleasure or urgent business.

A short time since John (Jack) Robinson, William Foster, and another man desired to see their native land and made application for passports to the authorities in Chicago. Mr. Foster was turned down and Mr. Robinson passed the office in Chicago but had to have his case referred to the authorities at Washington before he could get a ticket and he is now waiting to hear the decision.

This state of things especially affects the clothing trade and manufacture as a great many of the immigrants who formerly used to come to our shores were adepts in the trade and did an enormous amount of work but that supply is cut off and the future is uncertain. Clothing men say it is very hard to get orders filled as manufacturers are wholly unable to get the material and men. Mr. Lukeman says eighteen men, a list of whose names he saw, each ordered of Hart Schaffner & Marx a million dollars worth and more at one time this fall and might have to wait a while to get the goods or a part of them.

DOMESTIC SCIENCE,
EXPRESSION AND FINE ARTS

Unusual opportunities are opening to the young women who have thorough courses in any of these branches. Illinois Woman's College offers you exceptional advantages for thorough training along these lines. If you are interested in any of these courses, call or telephone.

PLANS COMPLETED FOR CONVENTION

Morgan County Sunday School Convention Will Open Thursday Morning—Large Attendance Expected.

Final arrangements have just been made for the county Sunday school convention which is to be held in Chapin Thursday and Friday of this week. According to messages received from precinct officers in various parts of the county, the meeting will have a record attendance. The convention begins early Thursday afternoon and is scheduled to adjourn at 4:30 Friday afternoon.

C. O. Bayha, president of the association, will preside, and the program which has already been published in the Journal will be carried out as formerly announced.

Rev. C. G. Cantrell, pastor of the Chapin Christian church states that plans are already completed for the reception and entertainment of delegates. Lodging and breakfast will be provided free for all registered delegates. Chapin ladies will serve supper Thursday and dinner Friday at reasonable prices. There will be no registration fee for delegates.

Miss Pearl L. Weaver, who is to represent the state association at the Chapin convention, expects to visit Jacksonville Friday evening in order to make some preliminary arrangements for holding the state Sunday school convention in Jacksonville in 1920.

SOCIETY BANS

BIG ESTATES

MODEST COUNTRY HOMES NOW FAVORED BY THE WEALTHY.

Huge Mansions Are Allowed to Go to Ruin by Their Owners Because of Great Upkeep Expense and Servant Problem.

Dolly Madison in New York Herald. Only the other day a matron asked me to motor down to Southampton with her. My hostess has been "of" society ever since her cradle days. Her mother and her grandmother were leaders of the smart sets in the old days.

As we were passing "Idle Hour" the country estate of William K. Vanderbilt, Sr., at Oakdale, L. I., my friend brought up an interesting question by asking if I thought the foremost social leaders of America were tiring of their large and expensive country houses.

Taking "Idle Hour" as an example, I should say they are.

There is no denying the "Idle Hour" of today bears but little resemblance to the "Idle Hour" of fifteen years ago. Outside the caretaker, who lives in the lodge house at the entrance to the place, the estate is deserted and in many places looks as if the home should be changed to "Weedville."

Vanderbils Abandon "Idle Hour." For a number of years the Vanderbilts have lost interest in "Idle Hour." They rarely go

As we had ample time, my hostess ordered her chauffeur to stop the motor and together we strolled thru the grounds of "Idle Hour," despite the hundreds of little placards signed "W. K. Vanderbilt," which forbid trespassing.

On our stroll I could not help thinking back to those days when the former Consuelo Vanderbilt and the Duke of Marlborough went to the Oakdale estate on their honeymoon. How changed it all was!

A bit farther down on the island we encountered several other large estates bearing signs "For Sale" or "For Rent," and I began to agree with my friend that society was wearied of keeping up large, extensive country establish-

ments. The servant question has

had a lot to do with the desire on

part of the smart set to live in

more modest quarters, and then

the world war and its attendant

taxes have made such terrific in-

roads on the incomes of even our

wealthiest citizens that not a few

can no longer afford to retain

their former estates of hundreds

of acres.

A Club in a Palace.

The same applies to W. K. Vanderbilt's former New York home, "Marble House," now the property of his first wife, Mrs. Oliver H. P. Belmont.

Mrs. Belmont frankly admits

she has wearied of "Marble

House." For three summers

"Marble House" has remained

tightly boarded up and no one

would be surprised if the house

would be placed on the market.

The Sleepy Hollow Country club

is now housed in what was to

have been the country mansion of

Mrs. Elliott F. Shepard, born a

Vanderbilt. It is an imposing pile

of brick and stone, overlooking

the majestic Hudson at Scar-

borough.

Mrs. Shepard lost interest in

the house before it was completed

and the club purchased it at a

very advantageous price.

TO ATTEND HIGH SCHOOL

Warren Brockhouse of Chapin

has enrolled in the high school,

and while here attending school

will make his home with the family

of his uncle, Judge E. P. Brockhouse.

FOR MISSOURI FARM, \$210,000.

Land, Once Practically Worthless, Made Productive by Draining.

From St. Louis Republic.

Macon, Mo.—Henry Funk has demonstrated there is something in the name of a Missouri farm if it has push and confidence behind it. The other day he closed a deal for his pet estate on Salt River, "The Farm of the Big Meadows," a tract of a little more than two thousand acres to a syndicate of Moerley and Kansas City people for \$210,000—the biggest real estate transaction in these parts for many years. He was offered a quarter of a million if he would give immediate possession but declined as he figures the crop on the land worth more than \$40,000.

The story of the big deal is the

story of a man who came here from another state, and who saw the value in soil that many thought worthless because of the constant danger from overflow.

Some twenty years ago Funk began acquiring this overflow land, at prices ranging from \$6 to \$22 an acre. Much of it was regarded by the people as practically worthless, because of the almost certain destruction of the crop by floods.

He paid no attention to the periodic floods until he had completed his purchases and became the owner of a large symmetrical body of soil, nearly all in the overflow valley. Then he began to organize his drainage association, under the law made for that purpose.

He met with opposition at home

and in the courts, but plowed determinedly ahead. A battle in

court was fought out, a decree

granted and the association went

to work to construct twelve miles

of drainage canal thru the over-

flow district, with laterals and natural connection. A big dredge

boat was kept on the job day and night. From a valley of wild

grass and tangled weeds the Salt

River lowlands were developed

into farms producing wheat, corn,

oats, hay and the finest sort of

vegetables.

The reclamation of the valley

occurred some ten years ago.

Since that time there has never been a crop failure thru floods. The cost of the canals has been paid for over and over again.

J. M. TROTTER'S WILL FILED TUESDAY

Testator Disposed of Valuable Estate—Property Divided Among Wife, Children and Grandchildren.

The will of the late John M.

Trotter was filed for record yester-

day in the office of County Clerk G. L. Riggs. This will was

drawn August 22, 1911, with M.

T. Layman and Charles Hopper as

the witnesses to the signature.

The will provides for the pay-

ment of debts and 80 acres of

land in 21-18-9 is willed to the

wife for life. Subsequently it is

to be sold and the proceeds di-

vided among the grandchildren, excepting the children of Will-

mette Dyre. A special fund of

\$3,000 is to be set aside and the

interest paid during his lifetime to M. E. Trotter. After his death the money is to be paid to his

children.

The sum of \$3,000 is to be set

aside for the use of Willmette

Dyre during her lifetime and af-

ter her death the fund is to be

paid to her children, Ernest and

Ruth Naulty. The sum of \$6,000

is to be set aside for the use of

Vannett Basay and at her death

is to be paid to her children.

The sum of \$6,000 is set aside

for the use of Fred C. Trotter and

at his death is to be paid to his

From County Agents Office

Delivery of Limestone—Orders for limestone will not be filled by the limestone companies until the first week of October. There has been such a demand for limestone that most of the companies are behind in their orders. Farmers wishing to use limestone as a top-dressing for wheat, in order to grow clover, should order at once, as orders taken now will be filled in the order in which they are received. Top dressing wheat with limestone will not only benefit the wheat but will certainly help to

get a stand of clover next spring. **Federal Land Bank Representative**—Vernon H. Kern, a representative of the Federal Land Bank of St. Louis, will be in the city the last of this week to explain the government system of loaning money to farmers on long time at low rates of interest. He has asked the county agent to arrange for three meetings while he is here. We quite likely shall arrange for one at Chapin, one at Litterberry and one at Jacksonville. The meeting at Jacksonville will be at 2 p. m. Saturday, Sept. 13th.

Poultry Culling—A poultry culling demonstration was given at the farm of Charles E. Criswell southwest of Franklin at 9 o'clock yesterday morning, and one was also given at 1 o'clock in the afternoon at the farm of G. C. Whitlock, southeast of Murrayville. This morning at 9 o'clock, a similar demonstration will be given at the farm of W. F. Deterding, west of Concord. September is the month when farmers ought to cull their flocks.

WALTER COX WINS EMPIRE STATE STAKE

Pilots McGregor the Great to Victory—Realizes Long Time Ambition by Win.

Syracuse, Sept. 9.—Walter Cox, New England horseman, achieved the ambition of his career at Syracuse Grand Circuit meeting today when he piloted McGregor the Great, fleet son of Peter the Great, and Ruth McGregor, to a straight-heated victory in the classic Empire State \$10,000 for 2:12 class trotters. Cox established a new record in the first heat which McGregor stepped in 2:03 1/4. Hollywood Billy sprung a big surprise in the first race, the 2:13 pace which he won in straight heats. Nedda took the 2:18 trot. The Onondaga stake after finishing fifth in the fifth heat. Natalie the Great won the two year old trot in straight heats.

Summary.

2:13 pace. Three heat plan. Purse \$1,000.

Hollywood Billy, (Leonard) 1 1 1

Homestead, (James) 2 2 2

Charles Sweet, (Rodney) 3 4 2

Time 2:08 1/4; 2:08 1/4; 2:07 1/2.

Empire State, \$10,000 stake

for 2:12 trotters.

McGregor the Great (Cox) 1 1 1

Maricdale, (Murphy) 2 2 4

Ramco, (Stokes) 4 4 3

Time 2:03 1/4; 2:04 1/4; 2:05 1/4.

2:18 trot. The Onondaga purse, \$1,947.50.

Nedda, (Fleming) 5 1 1

Jenny Dean, (Rodney) 1 5 4

Doctor Nick, (Murphy) 2 3 2

Time 2:09 1/4; 2:06 1/4; 2:10 1/2.

Two year Old Trot. The Juvenile Purse \$1,960.

Natalie the Great, (Thomas) 1 1

Mr. Dudley, (Brusie) 2 2

Day Star, (Cox) 3 3

Time 2:14 1/4; 2:11 1/4.

2:16 trot for Amateur Drivers.

Silver prize.

Robert Ormonda, (Murray) 2 2

Delagoa's Lucy, (Graves) 6 3

Time 2:12 1/4; 2:13 1/4.

To beat 2:14 trot:

First Virginian, by The Harvester, (Dickerson) won. Time 2:09 1/4.

Against time:

Peter Langford, by Peter the Great (Graves) won. Time 2:14 1/4.

COL. CLIFFORD RETURNS AFTER SERVICE IN WAR.

(Evanston News Index.)

Col. Edward Clifford, 1714 Asbury avenue, returned home yesterday from war service. He was one of the first Evanstonians to enter the service and was called to Washington by the secretary of the treasury as a "dollar-a-year man" to assist as an expert bondman in directing the liberty loan organization throughout the United States. In November, 1917, the secretary of war appointed him one of the three members of the war credits board and gave him a commission as lieutenant colonel in the United States army. He has served in the finance service of the army ever since, both at Washington and overseas with the A. E. F. For some time he was with the army of occupation in Germany. Last June he returned to America and has been, until his recent discharge, assistant to General H. M. Lord, director of finance for the army at the war department in Washington.

The finance service disbursed about \$14,000,000,000 in the past two years, so Col. Clifford says it will take a little time to adjust himself to the ordinary affairs of life.

The Clifford family went to Washington with the colonel and for the past two years resided there. His son Lambert served as a page in the United States senate for a while.

Col. Clifford returned from the east by automobile, bringing with him his two older children, Lambert, who has been spending the summer at Camp Pennigewasset, Wentworth, N. H., and Helen, who has been at Camp Kia Ora, at Woorliee, Vt. Mrs. Clifford and Robert returned home last week from their vacation.

A WORTHY OBJECT

Many persons in this city and county will pleasantly remember E. P. Gish, who served for three years the Christian church in Concord, looking after Litterberry and Berea.

He graduated from Eureka and took a year at Yale and in the fall of 1914 sailed for China under the auspices of the Foreign Christian Missionary Society and has been stationed at the large city of Nanking. There the various missions, working under different denominations have most sensibly effected a church union called the Nanking Church Council in which the different bodies work as they should as one.

There are in the city from 6,000 to 10,000 ricksha coolies aged from 14 to 60 who make about \$5 a month barely keeping soul and body together with great privation, insufficient clothing and food and no fires in their wretched homes.

For these Mr. Gish makes an earnest plea for cast off clothing and bedding of any kind that has any service in it. Of course at once many will say, "plenty of need right here at home for all that" but the plain truth expressed by the Bible is, "These things ought ye to have done and not left the other undone." If every one in the county would heed this call there would be enough for the home needy and this call too. The clothing will be made over for the Chinese are astonishingly adept with the needle, and the shoes will be accepted most thankfully. Any gifts left at the store of Mathis, Kamm & Shibe will be duly forwarded and Mr. Gish holds himself personally responsible for their safe delivery and proper use.

REAL ESTATE TRANSFERS

A. C. Moffet to Julia Wood, land in 17-15-18, \$1.

Moses Mailory, by administrator, to Ida Seymour, lot 18 Duncan Grove addition, \$800.

BUY COAL THIS

WEEK!

We have been preaching for some time on the advisability of buying coal early. Many have heeded our advice—but there remains quite a number who have not. To those we say—buy your coal this week. The unsettled condition of labor demands it. Cold weather soon will be upon us. Don't be caught with an empty bin. We guarantee honest weights and honest coal.

Not 1 But 4649 Stockholders

THE Standard Oil Company (Indiana) is owned by 4649 men and women—not one owning as much as 10 per cent of the total.

The Company is not personally owned or controlled by one or two men.

The stockholders have conferred full authority and sole responsibility for the handling of the Company's affairs in a Board of Directors of seven men.

These men have come up from the ranks and risen to their present position because they have demonstrated unusual ability in their particular division of this highly specialized industry.

The Board of Directors measure the success of their trusteeship not by earnings alone, but by the service the Company renders the people at large.

They know that the earnings available for dividends are always in direct proportion to the degree of usefulness and character of service rendered.

It is this ideal of management which has developed the Company to its present proportions as a public servant.

CUBS AND GIANTS SPLIT DOUBLE HEADER

Chicago Wins First, and New York Second—Flack Out of Game With Sprained Ankle—Other National League Games.

Chicago, Sept. 9.—Chicago and New York broke even in a double header today. Chicago winning the first game 4 to 1 and losing the second 1 to 7, but in doing so lost the services of Max Flack who sprained an ankle during the first contest, attempting to score on Herzog's grounder to Dubuc in the fifth inning. Flack was carried from the field and sent home. He will be unable to play for some time. The score:

SMITH HOLDS REDS TO TWO HITS; PHILLIES WIN

Tall Enders Shut Out Leaders by Score of 2 to 0.

Cincinnati, Sept. 9.—George Smith held the league leaders to two singles today and Philadelphia won 2 to 0. Ring pitched well but his support was ragged. The Phillies scored in the fourth on two hits and a wild throw and again in the eighth when LaTour, recently of the Peoria team drew a pass, went to third on Blackburne's bunt and scored on an out at first.

**VOTE FOR
GEORGE WHEELER**

Wednesday is primary day and the voters are to select candidates for county commissioner. I am a candidate on the Republican ticket for the nomination. I have endeavored to make as thorough a canvass as my time would allow but have been unable to see many voters. I would appreciate your vote at the primary Tuesday and assure you if elected I will give my best thought and attention to the county business.

GEORGE W. WHEELER.

ESSEX Motor Cars

This Will Help You

10,000 Owners Speak for It's
Performance and Reliability

Decide for an Essex

What owners say of a car is a pretty good indication of its worth.

And when you add to that, the enthusiastic endorsements of thousands of motor wise individuals the proof should be conclusive.

But the Essex has still another way of showing its value.

You Can Test it Yourself

Performance limitations have naturally grouped cars into classes. Certain cars may be depended upon for unlimited service. They know no frontiers of distance. They are dependable and require practically no attention.

But such cars are large and costly, costly to buy and to operate.

An exception is the Essex. Its performance qualities can be demonstrated at any time.

Take a ride with us to see how it can be driven just as easily, as fast and with as much certainty of endurance as any high-powered car with which you are to compare it.

Moderate Cost Due to Smaller Size

If the Essex were as large as the cars whose performance it matches, the price would have to be as high.

But because it has no useless length or useless weight, costly car quality in every detail is possible with proportionate saving in cost.

R. T. Cassell No 8 West Side Square

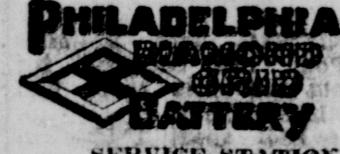

IN THE RAILWAY WORLD

Local Man Attends Bloomington Meeting

There was a large attendance at the motive power and mechanical conference, arranged by Supt. G. W. Seidel for his office at the Bloomington shops Sunday. In addition to Master Mechanic J. J. McGraw, Supt. of Shops J. J. Carry, and Roundhouse Foreman E. W. Rother, there were number of shop foreman present from Bloomington. Those from other terminals included Master Mechanic G. W. Ray; Road Foreman F. Stone, General Foreman H. F. Martyr and Boiler Shop Foreman H. A. Phelps, all of Slater; Foreman W. P. Goeglein of Booth; Foreman L. B. Larson, Kansas City; Foreman A. B. Smith, Venice; Foreman J. Roberts, Alton; Foreman J. J. Burns,

Drive in or Phone

G. Sieber & Son.
Tire & Battery Co.
210 S. Main. Phone 259

Supt. S. P. Henderson has notified all Alton agents to send a daily report by wire of all car-load shipments of fruits and vegetables, shipped from their station, designating the kind and destination. This information goes to the Bureau of Markets at Washington. The attention of Alton agents, warehouse men and train and engine crews, is called by Supt. S. P. Henderson to a report showing that during the year 1918 under war conditions sixteen people were killed and fourteen injured and property loss of \$881,000 from the transportation of gasoline, all of which caused as many times loss and damage as the transportation of the unusually large volume of explosives required to meet war conditions. Protect lives by avoiding risk in handling cars, barrels, or other containers showing defects or leaks. Agents should caution yard clerks or other employees to report immediately when discovering any tank cars showing evidence of leaks. Train and yard crews must avoid risk by asking advice of the train dispatcher in the handling of any tank cars from which gasoline is leaking. Accidents to such shipments within city limit causing heavy leakage should be immediately reported to the chief of police, and his assistance requested in protecting against fire or explosions by innocent or careless parties.

Amicable at Carlinville.
After a conference lasting several days, General Manager A. P. Titus of the Alton, has succeeded in placating the city council of Carlinville, which recently adopted an ordinance forcing the company to place watchmen at all street crossings, both night and day. Crossing bells will be installed at dangerous points. Trains 1 and 2 will stop there commencing yesterday and other concessions were allowed.

Will Take No Vote
It has been decided not to take any vote among the Chicago and Alton shopmen on the question of President Wilson's recent offer of 4 cents increase and the promise of cutting down the high cost of living. Many of the shops over the country have voted and the sentiment appears to be generally in favor of leaving the question in the hands of the grand officers with power to act in the event that the campaign in behalf of lower prices does not succeed. Local meat market men report that beef and all other meats, except pork, have decreased two to five cents at retail and this indicates that the tide has turned. Hopes are entertained that there will be a general decrease in all other lines.

The strongest Essex boosters are those who have driven their cars the hardest.
It is so easy to handle—so lively and so comfortable that there is pleasure rather than work in driving it.

You may be undecided between the Essex and some other car of similar weight and price.

The two cars look bright and attractive on the sales floor.

The demonstration will give the Essex an advantage that everyone is glad to describe.

Then the thing for you to decide is how those two cars will compare after several months of service.

For answer, note the Essex cars in your neighborhood.

Take a ride in one whose speedometer registers long service.

Look out for performance. See if it still has the power to do the things it did when new. Is it quiet and rigid and in good condition?

Every Essex makes new friends.

It is what they are saying that is increasing the demand so much. You should speak for your car without delay.

AN ORDINANCE
providing for the issue of bonds to the amount of two hundred and ten thousand dollars, and providing for the payment thereof, for the purpose of paying the city's floating indebtedness, building a filtration plant, and for the erection and moving of the power plant.

Be it ordained by the city council of the City of Jacksonville, Illinois:

Section 1. That for the purpose of paying the city's floating indebtedness, building of the filtration plant and the erection and moving of the power plant, there is hereby authorized to be issued Funding Bonds, to the amount of two hundred and ten thousand (\$210,000) Dollars, consisting of two hundred (200) bonds of one thousand (\$1,000) dollars each, and twenty (20) bonds of five hundred (\$500) dollars each, to be dated December 1, 1919, each of said bonds bearing interest evidenced by coupon, at the rate of five (5) per cent per annum, payable on the first day of December in each year of the years 1920 to 1939, both inclusive.

Section 2. That the bonds hereby authorized shall be substantially the following form:

UNITED STATES OF AMERICA STATE OF ILLINOIS

No. _____ \$1,000.00

500.00

CITY OF JACKSONVILLE
FUNDING BONDS

Know all men by these presents, that the City of Jacksonville, in the County of Morgan, and State of Illinois, acknowledges that it owes, and for value received, hereby promises to pay, to the bearer hereof, one thousand dollars (or five hundred dollars, as the case may be) on the 1st day of December 19_____, with interest thereon from the date hereof, at the rate of five (5) per cent per annum, payable on the first day of December, in each year, on presentation and surrender of the annexed interest coupons as they become due.

Both principal and interest of this bond are hereby made payable in gold coin of the United States of the present standard of weight and fineness, at the office of the City Treasurer of the City of Jacksonville, Illinois.

This bond is one of a series of bonds of a like tenor, except as to maturity, issued for the purpose of paying the city's floating indebtedness, building of a filtration plant and for the erection and moving of the power plant, under the authority of Chapter 24 of the revised statute of the State of Illinois, and of an ordinance of the City of Jacksonville, duly passed, and is further authorized by a vote of the people of the City of Jacksonville, Illinois.

News Of Interest From Morgan County And Vicinity

WILL RESUME OPERATION OF WHITE HALL MILL

Troy, Mo., Men Plan
Immediate Opera-
tion of Property

FURTHER NEWS OF WHITE HALL

WHITE HALL, Sept. 9.—Corn has ripened rapidly during the dry period of the past week, and soil filling began the latter part of last week. The dryness has put a crimp in plowing operations and it is now practically at a standstill. The wheat acreage will be less than last year to a considerable extent. Corn is in splendid condition. Roads are fearfully dusty. Today's forecast indicates that the western "low" is moving to the north of this section, but that showers are probable.

The grain car situation remains serious. The Burlington has not furnished grain car for over a week, and shippers go to the length of repairing cars unfit for grain, and one car now being repaired by H. W. Roodhouse will cost him about twenty dollars in order that he can get the use of the car for grain. Cars for clay products are now being furnished in ample numbers. C. W. Bearden of Bloomington, assistant superintendent of the C. & A., was here last week and learned that the last shunting off of the supply of rough box cars for White Hall left the local situation short in this respect, and he promptly restored the order to furnish ten rough box cars per day to White Hall

for clay products. The C. & A. has been taking care of the local situation in all respects somewhat better than the Burlington during the past three weeks.

T. J. Dwyer, member of the firm of Basye, Creech & Dwyer, owners of the mill and the two elevators on the C. & A. line, stated today that he has sold his interest to Mr. Creech, who was here Saturday with a miller for the purpose of arranging to resume operations at the mill. All these men reside at Troy, Mo., and Mr. Dwyer expects to return to Troy in a short time. He stated also that the White Hall mill should again be in operation within ten days, which would give a little time for such repairs as the new miller may require.

A. F. Sayre, who has been in charge of the Gregory Farm office for nearly two years, resigned Saturday, and is now in the serum business on his own account. The office affairs will henceforth be under the direction of Capt. Dean Corsa, who was in charge prior to his entering the service at the outbreak of the war as a volunteer.

Scout Activities. The Boy Scouts and the Girl Scouts are contemplating joining forces on headquarters and gymnasium facilities. With certain changes to comply with the state fire regulations, the old opera house can be made available, and this is under consideration. A deputy fire marshal was here Friday and laid down the requirements. It is the plan to segregate the boys and the girls in the use of the gymnasium by dividing the time between them. The American Legion, the first post to be chartered in the county, is also figuring on the old opera house.

The Boy Scouts have provided a lecture course for the winter months, and the first number will be presented next month, it being the Columbia Sextette, an organization that sings for Victrola records. There are five numbers in the course, and they will be presented either at the M. E. church or Princess Theatre. The Boy Scouts are posting a series of poster notices for the benefit of soldiers needing information about the war risk insurance. The organizations here mentioned are in charge of the fol-

lowing: Boy Scouts, Rev. E. C. Lucas; Girl Scouts, Miss Vera Evans; American Legion, Lynn C. Smith.

Death of Old Citizen.

Mrs. Emily Rohrer, widow of the late George Rohrer, died at 8:30 p. m., aged about 82 years. She has resided among her children since the death of her husband twelve or more years ago, and for the past year has been at the home of her daughter, Mrs. Arkley Lawson, in White Hall. Death was due to old age and partial paralysis, the latter coming upon her some years ago. The funeral will be held Wednesday. Her surviving children are Mrs. Flora Evans, Whittier, Calif.; G. N. Rohrer, Savanna, Okla.; Mrs. William Ballard, Mrs. M. G. Taylor, Springfield; Mrs. Cal Taylor, Clinton; William Rohrer, who recently went to the Dakotas, and Mrs. Arkley Lawson, White Hall.

Notes.

Rev. Leo Howard will conduct the concluding services of the Conference Year in the M. E. church next Sunday, and will depart on Tuesday for Charleston. There is some doubt as to his being returned to White Hall because of his wishes in the matter. The local church was never in better financial condition than now, and the surroundings are undergoing extensive improvement. Rev. Mr. Howard has been here three years, and this is the condition in which he leaves the church. He is popular and highly respected, and the reason for his disposition to seek another field is the plan to segregate the boys and the girls in the use of the gymnasium by dividing the time between them. The American Legion, the first post to be chartered in the county, is also figuring on the old opera house.

The Boy Scouts have provided a lecture course for the winter months, and the first number will be presented next month, it being the Columbia Sextette, an organization that sings for Victrola records. There are five numbers in the course, and they will be presented either at the M. E. church or Princess Theatre. Bell 101; Ill. 1098

Do You Want to Save Some Money?

Re-insulating a battery is about the most expensive repair there is.

And there's only one kind of battery in general use that isn't practically certain to be re-insulated—or junked—within the next year or two.

That one exception is the Willard Battery with Threaded Rubber Insulation.

Come in and we'll tell you why.

THE YEAR IN REVIEW AT CENTENARY CHURCH

The conference year opened auspiciously with a delightful reception given by the members and friends of Centenary church for the pastor and his bride. The beautiful mahogany clock which was then presented us is a constant reminder of that pleasant occasion. On the second Sunday ten new members were received into the church and the prospects for a successful year were unusually bright. Then came the influenza quarantine which closed the church doors for nine dreary weeks. Just as the epidemic began to subside the pastor and his wife fell victims to the dread disease and were unable to resume work until the second Sunday in February.

Our District Superintendent's Services.

During the pastor's long absence our beloved and able district superintendent who always has the interests of our church at heart looked after the pulpit supplies in a most satisfactory way. We appreciate his unfailing encouragement, wise counsel, and helpfulness. It is an honor to our church to have a former pastor filling this important office as the superintendent of Jacksonville district. Besides the district superintendent, Bro. E. L. Pletcher himself, the following ministers preached one or more times: Revs. C. W. Casey, Kruegel, Rule, Wetzel, Nyman, Kirkpatrick and Towle. So the church fires were kept burning and on the pastor's return he found the society in a flourishing condition. Through the winter and spring all departments kept swinging along in a victorious manner.

Sunday School.

During the year the Sunday school board held monthly luncheons for conferences upon the work of the school. These proved to be very much worth while. A considerable debt on the new piano was liquidated under the wise and optimistic leadership of our efficient Sunday school superintendent, A. C. Metcalf. The attendance of our Sunday school went beyond the 400 mark this year. Our Sunday school orchestra is better this fall than ever and the interest manifested in the Sunday school is most encouraging, with 202 present yesterday.

Boys' Work

An organization worthy of mention is the Loyal Boys' Sunday School class in charge of their de-

FOUTS FOUGHT AT GETTYSBURG

IS NOW 72 but Feels Well and Strong Since Tanlac Ended Trouble—Has Never a Pain or Ache.

"I am now seventy-two years of age and during all those years I have never run across a medicine that I consider in a class with Tanlac," said W. H. H. Fouts, the well known retired building contractor, residing at 27 West Vine street, Canton, Ill., in an interesting interview, recently.

Mr. Fouts is a veteran of the Civil War and fought in the famous battle of Gettysburg. He is very proud, and justly so, of the services he rendered his country in those trying days. Mr. Fouts is a man of unquestioned honesty and integrity and one of Canton's most substantial and highly respected citizens. He has lived there for over fifty years.

"For almost twenty years," he continued, "I have suffered from stomach trouble and complications, such as headaches, gas on my stomach, palpitation of the heart, constipation and dizziness. I not only suffered dreadfully from these ailments, but for the past ten or twelve years I have had an awful seige of rheumatism and had reached the point where I never expected to be well any more. A great many people here know about the time my health went back on me and I got in such shape I had to give up my business. My stomach was in such a condition that I could hardly retain anything. I would eat and I would suffer like blazes with cramps and pains all thru me. My heart would jump and palpitate so on account of the gas on my stomach that I feared I had heart trouble. At night I would almost smother and have to get right out of bed, feeling like I would never be able to draw another good, free breath.

"Why, before I got this Tanlac I had not been able to get a good night's rest in so long that I can hardly remember the time. I have had such awful rheumatic pains in my legs and such a drawing on my muscles that many a night I would just have to get up and walk about the room trying to get relief. But all is quite different with me now. A few weeks back I began taking Tanlac and now I am in as good shape as anyone could wish to be. Why, I am feeling as well as I did twenty-five years ago, when I was handling big building contracts, and I honestly believe I could go right out now and handle as big a job as I ever did and put it over with my same old time vigor. My stomach never bothers me any more and I never have a rheumatic pain or an ache of any kind, and I sleep like a log every night. In fact, I am feeling so strong and well that I have a mind to do some more building. I tell you a medicine that will fix a man my age up sound and well, after he has suffered so long, is bound to be unusual. There is no word of praise too good for Tanlac."

Tanlac is sold in Jacksonville by Coover & Shreve; in Meredosia by R. B. Field; in Murrayville by M. E. Gilbert; in Waverly by J. W. Wyle Drug Co., and in Woodstock by the Hoy Pharmacy—Adv.

voted teacher, C. O. Bayha. This class with its regular business meetings and social hours is proving a real asset to the church and a source of great profit and pleasure to the boys. Two of the members of this class served as Junior Minute Men during the Centenary campaign.

Local Men's Bible Class

Many of us regard the unique outstanding feature of Centenary church to be this great Bible class for men organized by Rev. E. L. Pletcher and taught by C. S. Smith. The second annual fellowship supper was given by this class in March with the usual success and inspiration. Our gifted toastmaster, E. G. Large, directed a versatile and interesting program of toasts given by representatives of the various departments of the church. The contest between the reds and the blues with John Deatherage and Ira Patterson as leaders stimulated the interest and the attendance of the class until on the Sunday before Easter 100 were present. C. S. Smith, the teacher, has attained more than local fame as a Bible teacher and has been greatly in demand as a speaker at Sunday school conventions and at chautauquas. With this class back of any movement it is bound to go, as was illustrated only last week in the grand burgoo which proved to be a success both socially and financially.

Epworth League

The Epworth League reached high tide of prosperity this winter with nearly 100 present at some of the meetings. A deep devotional spirit was manifested.

The Centenary Movement.

This church entered heartily into the great forward movement of Methodism. We were privileged to hear from this pulpit many of the leaders of the enterprise such as Dr. Jenkins, Dr. Neal, Miss Hoffman, the various speakers at the sub-district convention and the W. F. M. S. district convention which met here. Dr. C. E. Pettit and others. We had a union mass meeting here also on the eve of the financial drive with stirring addresses by various Minute Men and Drs. Pletcher and Rule. So our church became imbued with a new missionary zeal. The result was that we secured pledges for about seven times as much money for benevolences as was raised last year. A deeper spiritual life came also as a result of the whole campaign in its various phases.

The Ladies' Aid Society

The Ladies' Aid society by earnest effort has finished paying off the \$1,000 note and has gone ahead with extensive repairs on the church. A new hard wood floor has been laid in the auditorium. New pulpit carpet and runners for the aisles are expected to arrive any day. The plan is to repair the roof and steeples and then to redecorate the interior walls. Our sincere appreciation and co-operative support are due to this strong, indispensable organization, our Ladies' Aid society.

Other Repairs

In the fall the parsonage received various repairs which have meant much for the increased comfort of the occupants.

Recently Mr. J. Tabor Mathers installed new indirect lights in the men's Bible class room. This is a fine beginning in the way of an improved lighting system for the entire church.

Missionary Societies

The Y. W. M. S., the W. F. M. S., the W. H. M. S. and the Standard Bearers have all been abounding in good work, disseminating information and sending help to needy fields.

A New Organization for Girls

In February the Queen Esther circle was organized for girls of high school age. These wide-awake girls meet once a month and have a period for devotions and study of the home missionary work and a social hour enjoyed by all. They have been excellent financiers and have paid \$10.00 for the Centenary besides \$24 for other church enterprises.

Exquisite

The woman who desires to be beautiful should be highly critical of all the toilet goods she uses—most particularly of her face powder.

Soul Kiss Face Powder is, in a word, exquisite—of purity, of texture, of perfume—the choice of the discriminating woman.

Meyer Brothers Drug Co.
St. Louis

Soul Kiss Face Powder

bath in April. Mothers' Day was recognized with an appropriate sermon in May. Children's Day was observed fittingly in June. The pastor has been fortunate enough to attend the Inter-Church World Movement conference in Chicago, the Centenary Celebration in Columbus, and the conference Epworth League Institute in Springfield and to give special discourses on these significant gatherings.

Pastor's Gratitude

This has been in some respects a most trying year for your pastor—with a narrow escape for his life from influenza and bronchial pneumonia and a painful accident with a back-firing Ford. For the unbounded patience, sympathy and loyalty of this church during these unpleasant experiences your pastor and his wife are profoundly grateful. To the gracious Heavenly Father who causeth all things to work together for good we look with deeper faith and love than we ever knew before and we thank Him for the blessings and victories.

The Outlook for Centenary Church

The people of this church, like those in Nehemiah's time, have a mind to work. The future looks bright for this church. Its location challenges us to do a mighty work in this city. We should have a great Sunday evening service with attractive features to draw the unchurched of our city. Next year evangelism should be the keynote.

Our finances need more constant supervision if possible and more systematic manner of collection.

Let us bring all our tithes into the Master's store house and rededicate ourselves to the high mission for which this great old church stands and for which the Savior lived, died, and rose again.

A number of high school boys and girls need places to work. Call Illinois 142.

"Gee-Whiz! How it Hurts—The Pain in My Foot!"

Sometimes it is in my arm. Merciful Heaven, how my back hurts in the morning!" It's all due to an overabundance of that poison called uric acid. The kidneys are not able to get rid of it. Just follow, you can readily overcome, and prolong life by taking the advice of Dr. Pierce, who is in good order.

"Keep the kidneys in good order. Avoid too much meat, alcohol or tea. Drink plenty of pure water, preferably not water, before meals, and drive the acid out of the system by taking anuric." This can be obtained at almost any drug store.

Send a bottle of water to the chemist Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., and you will receive free medical advice as to whether the kidneys are affected. When your kidneys get sluggish and clog, you suffer from backache, ick-headache, dizzy spells, or twinges and pains of lumbago, rheumatism or gout; or sleep is disturbed two or three times a night, take heed, before too late, anuric (anti-uric-acid), for it will give new life to your kidneys and your system. Ask your nearest druggist for it or send Dr. Pierce ten cents in a trial package.
